## Why advertise with Picking Up Pieces?

Targeted delivery of your business to those directly affected by a motor vehicle collision. Our members are survivors, family members, legal & medical professionals and community online organizations.

*Picking Up Pieces* (P.U.P.) has been designed to provide a smart and easy search for motor vehicle collision survivors to view provider's information and easily make contact. P.U.P. will become a unique and comprehensive source, a help guide and an encyclopedia for motor vehicle collision survivors.
